

LIFE WANTS TO BE FREE

I want to live in the world
I just need a word
please allow me to live
is the only desire
the opportunity to love
like a dove that can fly

a sigh is always life
not only that of a wife
While rejoicing in her arms
there is joy even in farms
a feeling flying in the air
like the beating of wings

(Rit.) Life wants to be free

in the hills
in the oceans
in the sky
to fly
also with the soul
everyone is born free

animal or man is blood
wants to flow in veins good
to have a chance in his life
and not to be closed
not to be killed
air and light are for life

(Rit.)

i want that this dream becomes reality
animals should not ask for charity '
not closed in cage
to be able to live free
